

TESTIMONIALS

“ We have been working with The Career Foundation for over six years. I am pleased to say that the program offered has been a valuable support to our business. Their Empowering Abilities Program provides additional support to employees who have experienced difficulties being placed with an employer. Ali, our Job Developer, truly cares about his clients and our business and he has built a strong relationship with us. The Empowering Abilities Program is a benefit to all those involved. ”

*Lym Kherani | PharmD., RPh, CDE:
Associate/Owner, Shoppers Drug Mart #840*

“ We have found the support provided by the Empowering Abilities Program to be above and beyond. It really helped bridge the gap between us the employer and the new employee, making onboarding a smooth and efficient process. All of their clients are ready to work from day one. Any organization that is hiring should use them! ”

*Chelsea Gupta | Office Manager,
Rainbows End Community Development Corporation*

We hope that this Employer Toolkit will serve as a valuable resource for you in creating a more inclusive workplace. We want to show everyone that it makes great business sense to consider a population of potential skilled Ontarians when making your next hiring decision.

Your business deserves to be a success; together we can add untapped talent to your workplace!
